FRENCHWOOD® GLIDING PATIO DOORS

Andersen® 400 Series Frenchwood® gliding patio doors feature a traditional design while offering modern performance and the space savings of their gliding operation. With wide wood profiles that provide the authentic look of French doors, weather-resistant construction for greater comfort and energy efficiency and a variety of options to fit your home’s style, it’s no wonder they’re our best-selling gliding patio door.

DURABLE
- Low-maintenance Perma-Shield® exteriors never need painting and won’t peel, blister, flake or corrode
- Frame exterior is protected by a tough vinyl cover that resists dents, repels water and provides long-lasting protection
- Aluminum sill has a stainless steel capped roller track that resists stain, rust and denting
- Adjustable ball-bearing rollers provide smooth, long-lasting gliding operation

ENERGY EFFICIENT
- Interlock weatherstripping is designed to seal out drafts, wind and water
- Variety of Low-E4® glass options are available to help control heating and cooling costs in any climate
- Many 400 Series Frenchwood® gliding patio doors have options that make them ENERGY STAR® v. 6.0 certified throughout the U.S.

BEAUTIFUL
- Four exterior color options
- Unfinished pine, oak, maple or prefinished vinyl white interiors
- Extensive hardware selection
- Add style with grilles, exterior trim or patterned glass
