100 Series insert windows allow for easy installation into an existing window frame, preserving much of the original look of the window. A new exterior accessory kerf around the perimeter of the window accepts several Andersen® installation accessories for a clean transition and convenient finishing between the new unit and the existing opening.

THE RIGHT CHOICE FOR REPLACEMENT

100 Series products are made with sustainable Fibrex® composite material that offers many advantages over vinyl.

**DESIGNED FOR EASY INSTALLATION**

- **Superior Fibrex® Material**
  Provides structural rigidity during and after installation and won't bow or crack like vinyl can

- **Time-Saving Protective Film**
  Minimizes time spent cleaning on the jobsite

- **Exterior Accessory Kerf**
  For convenient finishing

- **Pre-Drilled Through-the-Jamb**
  Includes installation screws

- **Head Expander & Sill Extender Available**
  Helps fill the opening for easy installation

*When 100 Series products were tested against five leading competitors' painted vinyl window products.
100 SERIES

100 Series products feature interiors with a premium matte finish for an attractive appearance, and exteriors that never need painting and won’t fade, flake, blister or peel, even in extreme cold or heat.

EXTERIOR COLORS

INTERIOR COLORS

Choose from the following grille types and patterns to complement virtually any style of home. Windows feature ¾" width grilles and patio doors feature 1" width grilles.

INSTALLATION ACCESSORIES

Frame & Sill Extender
Fits in unit accessory kerf to hide the gap between the new unit and the existing frame. Precut to fit 1/4" sill slope and can be cut to fit slope or length needed.

Head Expander
Assists in filling the opening when doing an interior installation. Available in white.

Color-Matched Coil
Fits in unit accessory kerf to wrap the existing wood window trim. Cut and form profile needed at the jobsite. 24" x 50’ roll

Sealant
Color-matched sealant is specially formulated to adhere to Andersen® products.

Foam Backer Rod
Backer rod helps provide an air seal around the frame. 100’ roll

Flat Shims
Flat hanging shims help with a secure installation. Box of 248

Installation Screws
Properly-sized installation screws are provided with each insert unit.
