A BETTER CHOICE

Whether you’re replacing, remodeling or building new, Andersen® 100 Series products offer many advantages over vinyl at a good value. They’re made of our innovative Fibrex® composite material that’s 2X stronger than vinyl, environmentally smart, energy-efficient and offers superior strength and performance making them a better choice for your home.

- Fibrex material construction provides long-lasting performance and is designed to be an energy-efficient barrier against wind, water and dust
- Virtually seamless corners offer a cleaner, more contemporary look
- Premium matte finish never needs painting and won’t fade, flake, blister or peel*
- 100 Series products have a 12X thicker finish than that of painted vinyl windows** resulting in superior scratch resistance
- Sill design offers superior water management and wear-resistance
- Panels are designed for long-lasting, effortless operation
- Two-point locking system tightens the door against the frame offering weather protection and improved security
- Sidelights and transoms available

PRODUCT TYPES
- Gliding patio doors
