Unit viewed from exterior.
Unit Sizes

Standard and Custom Door Sizes

Note:
200 Series Narroline Gliding Doors are available in standard sizes (see standard size charts, page 9). Replacement parts for some standard doors can be ordered using the numbers listed in this catalog. Many replacement parts for standard doors are made to order. These items are ordered using the Product ID found on the identification label and a description of the part needed. See Service Guide 9051877.

200 Series Narroline Gliding Doors are also available in custom sizes in 1/8” increments between the smallest and the largest standard sizes. Most replacement parts for custom-sized doors are made to order and can be ordered with the Product ID found on the identification label and a description of the part needed. See Service Guide 9051877.

200 Series Product Label

Note:
Every 200 Series Narroline Gliding Door will have an identification label or glass etching containing a unique Product ID. The Product ID on 200 Series Narroline Gliding Doors will be located at the top of the door frame or etched into the glass. See Service Guide 9051877. The Product ID may be up to 14 digits long (excluding hyphens), depending on the age of the unit. Replacement parts will also get their own unique Product ID. When ordering replacement parts, providing the Product ID ensures that replacement parts match the specifications.
## Unit Size Chart

### Note:
Unit Dimension refers to overall outside-to-outside frame. Unobstructed Glass refers to visible glass dimensions. Numbers in parentheses are metric measurements. See [Measuring Visible Glass Video](#). See latest [Product Details](#).

A limited production of custom size 200 Series Narroline Gliding doors were produced. The following specifications will help to identify these doors.

**Frame measurement:**
77 1/2” x 82 3/8”

**Rough opening:**
6’6” x 6’11”

**Exterior colors:**
White
Terratone®

**Interior finishes:**
Vinyl clad
Clear pine

**Glazing:**
Low E Tempered

## Panels - Operating

### Operating Panel Size Table

Note:
- Operating Panel is measured outside edge to outside edge of frame.
- Unobstructed Glass is dimension from outside edge to outside edge of visible glass only.
- Actual Glass is dimension of outside edge to outside edge of glass, including glass that is not visible.

### Operating Panels

Note:
- Handle hole plugs (page 17) must be ordered separately. Standard panels have natural pine interior. Panel includes tandem rollers and roller hole plugs. When replacing gliding door panels it is recommended to also replace the interlock weatherstrip.

200 Series Narroline Gliding Stationary Panel (Left Hand or Right Hand)
### Stationary Panel Size Table

**Note:**
Stationary Panel is measured outside edge to outside edge of frame.
Unobstructed Glass is dimension from outside edge to outside edge of visible glass only.
Actual Glass is dimension of outside edge to outside edge of glass, including glass that is not visible.

</tbody>
</table>

Note: Remove C ring and cylinder tab prior to installation. Newbury® lock assembly has used a 6 pin cylinder since January of 2004. Glass dates from panel do not always represent the vintage of the lock assembly or the replacement key cylinder needed. Finish on exterior facing surface and may not match color of lock housing. Housing finish shown for identification purposes. The key used on a 6 pin cylinder will have 6 valleys/grooves.

5 pin key cylinder 1994-2004 page 72

## Fasteners

**Note:**

When ordering fasteners with nine digit 888 numbers (beginning with 888 or 889), provide the following details and order OBD:

- Product line (example: FWO)
- Complete size (example: #8 Round Head)
- Description and color (example: Stainless Steel)
- What it is used for? (example: Screen latch to astragal)

Refer the 888 number: 888284401

200 Series Narroline® Gliding Doors (2002 to Present)

Frames

Jams

Note:
Replacement jambs are not available for units made prior to May 1, 2015. Full frame assembly must be replaced. Frame parts (head jambs, side jambs) for custom sized doors are made to order. Product ID label is located on top edge of operating panel. Maple and Oak finishes introduced in 2000.

To order, state:
1. Description of part (Head Jamb, Side Jamb)
2. Handing (RH or LH)
3. Quantity
4. Product ID (from product label, see Service Guide 9051877)

200 Series Narroline® Gliding Doors (2002 to Present)

Frames

Weatherstrip

Note:
As of January 2004, Terratone®, Sandtone, and Forest Green weatherstrip is no longer available. Use Gray weatherstrip for replacement. May need to order vinyl to vinyl adhesive (part # 1357007 - 2oz.).

Weatherstrip for custom sized doors is made to order. Product ID label is located on top edge of operating panel.

To order, state:
1. Description of part (Weatherstrip Set for Frame)
2. Handing (RH or LH)
3. Quantity

Product ID (from product label, see Service Guide 9051877)

## Service Replacement Only Parts

Note:
This section is specifically designed for parts that should only be ordered if a Territory Service Manager/Service Provider Company has requested them to be ordered or if the customer agrees to also pay for a non-warranty repair/replace service job (subject to availability) for these parts to be installed. We do not recommend anyone other than a trained AW employee or Service Provider install these parts due to the complexity of installation, modifications required for installation and/or requirement of special tools.

### Exterior Grilles - High Definition (HDN)

Note:
Permanently applied grilles can only be ordered by Andersen Territory Service Representatives, Andersen Service Dealers and Providers.
