Note:
Unit Dimension refers to overall outside-to-outside frame. Unobstructed Glass refers to visible glass dimensions. Numbers in parentheses are metric measurements. The gray shaded windows can be sash or direct set glass. To determine if window is a sash or direct set glass, examine interior glass edges as shown on page 2. The sash picture window has vinyl against the glass. The direct set glass picture window has wood against the glass. See Perma-Shield Awning section for additional part numbers for replacement sash.
