

CLEAN LINES, MODERN STYLE

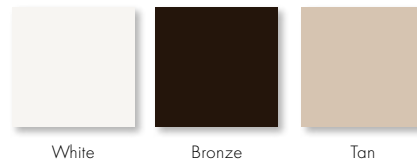

Expand your view with the Heritage Multi-Slide door. Narrow profiles combined with expansive glass offers clean lines and modern styling, with an uninterrupted view. That combined with a variety of options and configurations makes the Multi-Slide door an exceptional value for your custom luxury home.

KEY FEATURES

- Aluminum frame and panel offers durability, low maintenance and an attractive appearance
- Thermally improved option available for increased energy efficiency
- Three sill options address specific performance and design criteria for every unique application
- Stainless steel 3" rollers glide on a unique self-lubricating composite rod resulting in quiet, smooth and effortless panel operation
- Attractive, sleek hardware design allows panels to be stacked, creating a wide open view
- Variety of energy efficient glass options available including laminated glass for added security and tinted glass for privacy and design enhancements
- Stacking and pocketing configurations available in one-directional and bi-parting options

Door Pull

SILL OPTIONS

Standard drainage sill stops bugs and air infiltration with self-closing weep holes and collects water underneath the visible sill surface, draining to the exterior to prevent water infiltration.

Drainage Sill (standard)
Provides enhanced performance

Low-Profile Sill

Tile Track Sill
Provides a seamless transition

	Drainage Sill	Low-Profile Sill	Tile Track Sill
Sill Height	1 7/16"	9/16"	Flush
Bottom Rail Height	7 1/16"	5 5/8"	5 13/16"

INSECT SCREENS

Rigid, extruded aluminum insect screen is provided with a snap-on screen track and sill add-on.

*Warranty varies over 48 sq. feet, visit heritagewindows.com for warranty details.

**Available in non-thermally broken 2XP, 2XO, P4XP, O4XO configurations. Custom configurations are available, see your Andersen supplier for details.

Printing limitations prevent exact duplication of colors and replication of finishes. See your Andersen supplier for actual color and finish samples.
